

## MRS. ROSA M'KAY IN RACE FOR NOMINATION OF REPRESENTATIVE

Though there have been two woman legislators in Arizona, since the advent of universal suffrage in the state, the first woman to announce herself for the lower house from any of the Southern counties is Mrs. Rosa McKay, of Bisbee, who will make the race in the Democratic primaries for nomination.

During the last session of the legislature Apache county was represented, in the lower house, by Mrs. Rachael Berry of St. Johns. Mrs. Frances W. Munda, of Prescott, was one of the two senators from Yavapai county in the same session. Heretofore Cochise county has not put forth any of its woman residents for the legislature.

Mrs. McKay is a native of Colorado. She was born in Idaho Springs of that state and came to Bisbee in 1905. She has resided consistently here since that time and has always taken great interest in politics. She was an ardent worker for the amendment favoring woman suffrage and is progressive in her ideas.

During Mrs. McKay's residence in the Warren District she has been in business for five years of the time and has an exceedingly wide acquaintance. Her husband is a hoisting en-

gineer for the Copper Queen Company and they live on Naco Road.

Mrs. McKay's race for the nomination, in the primary, will be watched with decided interest throughout the state and particularly in Cochise county. The field in the Democratic side will be crowded and it is very probable that the only woman candidate will draw to her support a large part of 15th sexes.

## MUSICAL CONCERN WILL BE GIVEN AT CITY PARK, 4 P. M.

Keler Bela  
Echoes from the Metropolitan opera house.  
Idyll, "The Nodding Tulip..Trinkous  
Overture, "Raymond".Ambria Thomas  
March, "Universal Peace"....Von Blum

## APPLICATION WILL BE MADE IN BEHALF OF 240 CONVICTED MEN

### Appeal Will be Taken in Cases of Convicted Bootleggers to Have Them Released on Bail Pending Appeal

TOMBSTONE, July 29.—(Special)—The attention of the superior court today was taken up in the trial of a number of divorce cases and the hearing of law points in a number of cases. A temporary injunction has been granted in the case of the Warren Ranch Company vs. the Calumet & Arizona Company which involves the question of the amount of water that was agreed to be furnished by the mining company to the ranch company. The matter will come up for a final hearing later in the term. The mining company made no objection to the temporary injunction being granted.

An order was made for the return of twenty-one jurors on Monday morning next, to fill up the panel as a number of the jurors who have been in attendance had been excused by the court. The names were drawn from the box and among the Bisbee names drawn were the following: Leonard Warrington, J. S. Williams, Harry Housen, Louis Vockel and Edward Festerling.

The attorneys for Dean Ross and O. S. French are preparing to take an appeal to the supreme court from the verdict as rendered by the jury. A motion will be made for the granting of a new trial and asking for a certificate of probable cause. It is denied by the court, an effort will be made to have the supreme court fix the bail as they did in the Aaron case so that the defendants can be released on liberty pending the appeal. Before these motions can be made it will be necessary for the sentence of the court to be pronounced. The conviction carries with it a penalty of not less than ten days to two years in the county jail and a fine of from \$25 to \$300 or both. It is expected that sentence will be pronounced in both cases on Monday although there is a possibility that sentence in the French case will go over until after the trial of the second case against French which will be called on Monday morning.

An order has been made in the case of the State vs. Charles Marlow releasing him from custody. He was arrested in Douglas at the time that the numerous arrests were made and it was discovered as soon as soon as the detectives arrived that a mistake had been made in making the arrest, the wrong Charles Marlow having been arrested. Some of the officers purchased whiskey in Douglas from a man who resembled Marlow and who gave him the name to the officers. Marlow at the time he was arrested maintained that some mistake had been made and that he was the victim of circumstances and that he was innocent. He was held in jail for several days as he could not give bail but as soon as the detectives arrived they stated that he was not the man and he was released. He was furnished with money to return to his home in Douglas. He stated that he had no complaint to make in the matter and realized that he had been the victim of circumstances. The action of the detectives shows that they have no desire to punish an innocent man and were extremely sorry that the arresting officers had arrested the wrong man. They were not to blame as the description given them fitted Marlow even to the kind of clothes that he wore. Marlow is a railroad man and had worked in Douglas and was at one time with Col. Pershing in Mexico as a scout. He has many friends in Southern Arizona who will be glad to learn that he was not the right Marlow and that he has been given his liberty.

Dies in California.  
Advices have been received here from Col. A. L. Grow from Sawtelle, Calif., to the effect that Charles W. Hart, well known Tombstone pioneer, who resided here since the early eighties, passed away at Sawtelle, on Tuesday, the 25th of the present month and was buried the following day in the soldier's plot at the home. He came to Cochise county in 1883 and shortly afterward to Tombstone, where he continuously resided until several years ago when he removed to Sawtelle, Calif., to spend the balance of his days.

Mr. Hart was known to all the old-timers of the county, who will be sorry to hear of his death.

## The Army

Pickering, coast artillery, report board Washington examination for transfer to field artillery.

## C. & A. BAND TO GIVE CONCERT TONIGHT

At 7:30 this evening the C. & A. band will give one of its excellent concerts at Vista Park. The Sunday night musicals of this organization are largely patronized and very justly so. Under the capable direction of W. H. Martin the band is making rapid strides and its claim of being equal to the best in the section is fully warranted.

The program for this evening's concert is as follows:

March, "On Furlough"; Overture, "Stabat Mater", by Mercendante; Cornet Duett, "Short and Sweet"; Solists L. Bennett and W. Applegard, by T. V. Short; Valse, "Adele", by J. Lampe; Selection, "Echoes From the Metropolitan Opera House", by Robani; Serenade, "A Night in June", by R. L. King; Descriptive, "Cavalry Charge", by G. Liders; March, "Old Comrades", by Feisk.

## SHERIFF TELLS HIS REASONS FOR SEEKING NOMINATION AGAIN

### Harry Wheeler, in Letter to Review, Explains His Platform. "Experience is What is Needed," he Says

Sheriff Harry Wheeler has sent the following letter to the Review in explanation of his candidacy before the Democratic primaries on September 12:

TO THE PUBLIC.

Courtesy of the "Review." In announcing myself a candidate for re-election to the office of Sheriff I believe the people have the right to demand of me a complete understanding of my ideas, intentions, in other words, a thorough knowledge of the personal platform in which I believe and which I intend to maintain and uphold if re-elected.

1st. Because since the advent of prohibition all usual crime has diminished—murder and all serious crime almost by one-half and because the banks have more depositors—the merchants have more business—the mines fewer accidents; because of these facts I believe in a better and more comprehensive prohibition law. A law free of technicalities—one which

can really be enforced by our local officers.

2nd. I believe the old "Duffy" gambling law should be restored. The "Duffy" law actually prohibited gambling IN ALL FORMS. It was repealed through the influence of those who favor gambling, and the present law given us instead. The present law is not even called a gambling law but is referred to in the Statutes as a "gaming" law—in other words only certain games are prohibited, not all games.

3rd. I believe in enforcement of all law and that law may be really enforced, I believe the people should demand of the coming legislature laws which really mean those things the people wish and actually desire and intend. Laws free from all legal catches, quibbles and technicalities which destroy and defeat the peoples' will. I am told this platform will defeat me. This may be true. Still I do not care to win on any other. I intend to run this race under true colors.

While all the men opposing me are good men, I offer the following reasons, which I believe justify me in seeking this office:

1st. During these times of trouble along the border an experienced sheriff should not be changed. It took me three years to attain my best efficiency. Likewise it took my deputies the same period to learn the country, the criminals and also to acquaint themselves with officers of other states, including Sonora and to form friendships with these foreign officials.

2nd. Due to a great extent to the

personal friendship of higher Sonora officials, special care has been given our County border by said officials. Cochise county is the one border county so far free of bandit raids or molestation.

3rd. My last year's expenses showed a decrease of seven thousand dollars over the previous year and we kept under our estimated budget three thousand dollars less than Maricopa county.

4th. The State Examiner in his report said of my office: "It is probably the best kept in the state."

5th. In four years, of fifty capital offenders, but seven have escaped, while Cochise county is the only county from the coast to Texas which has not permanently lost one automobile by theft.

6th. I will not be a candidate next election for this office. I therefore ask my friends, who gave me nearly four to one majority last election, without the loss of a single precinct, to again support me in this my last race.

Respectfully,  
HARRY C. WHEELER.

LOWER CALIFORNIA WON'T BE INVADED.

SAN DIEGO, July 29.—Denial that troops of the Mexican de facto government were to be used in a campaign against the present government of Lower California has been received by Colonel Esteban Cantu, governor of the territory, from Minister of War Obregon, at Mexico City, according to an announcement made today by Cantu representatives at Ti Juana, just across the border from this city.
